

LEYENDA

- | | | | |
|--|--|--|---|
| <p>1- Isolating pot for electrode.
 2- Central isolating tube.
 3- Isolating gland.
 4- Base nut.
 5- Cap clamp.
 6- Fixed contact.
 7- Rubber cap.
 8- Movable contact.
 9- tripping cone and rod.
 10- Main spring.
 11- shortcircuit spider.
 12- Motor.
 13- Transm. tube for motor.
 14- Lateral conductor.
 15- Flywheel.
 16- Reducer.
 17- Elastic transmission cube.
 18- Square transmission shaft.
 19- Transmission cage.
 20- Spindle nut.
 21- Spindle key.
 22- Movable electrode.
 23- Fixed electrode.
 24- Vertical central conductor.
 25- Horizontal conductor set.
 26- Limit switch.</p> | <p>27- Flow relay.
 28- Thermostat.
 29- Level electric detector.
 30- Float.
 31- Complete level.
 32- Level glass tube.
 33- Speed variable motor.
 34- Lateral coat.
 35- Stainless steel rod. S3.
 36- Conector Horiz.-Vert.
 37- Elbow Terminal.
 38- Spindle rim.
 39- Screwed Conductor.
 40- Staniless steel spindle.
 41- Spindle pinion.
 42- Reducer 90°.
 43- Lateral srings (pair).
 44- Water inlet tube.
 45- Level maintainer tank.
 46- Electric control.
 47- Reactance ring.
 48- Lower spider billet.
 49- Upper spider billet.
 50- Spider billet bridge.
 51- Spider plate support.
 52- Upper plate shortc.</p> | <p>53- Lower plate shortc.
 54- Upper plate spider elect.
 55- Lower plate. spider elect.
 56- Flywheel Handle.
 57- Door handle.
 58- Thermostat frame.
 59- Brass tube of thermost.
 60- Central isolating billet.
 61- Ml. cond. Horiz. coating.
 62- Isolating for high tension.
 63- Ring for probe.
 64- Adapter for potenc. shaft.
 65- Reducer for potenciom.
 66- External radiator.
 67- Radiator plug.
 68- Wrench for radiator.
 69- Contactor cables.
 70- Contactor coil.
 71- Electrical resistance.
 72- Elect. resist. frame.
 73- Recirculating pump.
 74- Tube for S3 rod.
 75- Water shaker.
 76- Shaker propeller.
 77- Coling coil.
 78- Lower billet for pot.</p> | <p>79- Pot cage.
 80- General intern. support.
 81- Door of cover.
 82- Trans. cage frame.
 83- Transm. cage tube.
 84- Transm. cage bearing.
 85- Ext. contactor opc.
 86- Outlet cock.
 87- Main spring leader shaft
 88- Cone puller.
 89- Rubber for brass nut.
 90- Powder saver rubber.
 91- Electrolite salts.
 92- Lower spider complete.
 93- Transmission oil.
 94- Electrical oil.
 95- Lower leader spring.
 96- Rubber for great tension</p> |
